Hi Lela,

Thanks for reaching out. We are still developing her itinerary and will be back in touch soon.

Good afternoon,

My name is Lela Hunt and I am the Public Information Officer for the Office of the State Engineer and the New Mexico Interstate Stream Commission in New Mexico. These two agencies are New Mexico's water management agencies.

I understand from Twitter that EPA Chief Gina McCarthy will be in Colorado and New Mexico tomorrow in regards to the Gold King Mine Spill into the Animas River.

State Engineer Tom Blaine and the New Mexico Environment Department Secretary Ryan Flynn are in the Farmington New Mexico (near Durango CO) area at the time addressing the impacts of the spill for our state.

Is there an opportunity for Ms. McCarthy to meet with the State Engineer Blaine and Environment Department Secretary during her tour?

Thank you kindly,
Lela Hunt
